

 GURTAM Telematics & Connected Mobility conference		September 10-11, 2025 Day 1	
1 Hall	BUSINESS & INDUSTRY STRATEGY	2 Hall	TECHNOLOGY & ENGINEERING INSIGHTS
8.00AM	<i>Registration and Welcome Coffee</i>		
9.00AM	Conference Kick-Off		
9.10AM	Perception vs reality: The actual trends and features of the European Fleet Telematics market Andrew Jackson PAVE Insight	9.10AM	Telematics Meets AI: Architecture, Implementation, and Business Impact Aliaksei Shchurko Gurtam
9.40PM	Cleaning Morocco: How Telematics and AI Keep 7 Million Citizens’ Streets Tidy Moaad El Aboudi Insight Solutions		
10.00AM	PANEL DISCUSSION: Telematics at the Core of Safer, More Secure Fleet Operations Moderator: Siarhei Havarunou Participants: Dainius Augutis, Klaus Burgstaller, Colm Brady	10.00AM	How Open-Source Advances the Industry: Traccar Founder's View Anton Tananaev Traccar
		10.30AM	Integrating OEM data – best practice and learnings, from POC to full-scale rollout Claire Alleume Mobilisights
11.00AM	<i>Networking Break</i>	11.00AM	<i>Networking Break</i>
11.30AM	Data That Moves Us: Rethinking Urban Mobility Through Inclusive, Sustainable Innovation Anders Bengtsson EIT Urban Mobility	11.30AM	AI-powered mobility: Vision, Precision, Prediction. A Look into How AI Transforms Fleet Parking Compliance, Vehicle Damage Detection, and Demand Forecasting Arturs Burnins ATOM Mobility
11.50AM	PANEL DISCUSSION: Finding the Real Savings: Cutting Costs and Staying Competitive with Fleet Digitalization Moderator: Siarhei Havarunou Participants: Moaad El Aboudi, Christoph Köhler, Klaus Burgstaller	12.00PM	Accelerating Connected Mobility Innovation: Building Scalable Telematics Solutions with AWS IoT Sunitha Eswaraiah Amazon Web Services
12.30PM	Driving the Future of Fleet Digitalization: Gurtam's Vision Aliaksandr Kuushynau Gurtam	12.30PM	Beyond Events: Unlocking Risk Insights with Context-Aware Driving Data Jorit J. K. Schmelzle Peregrine.ai
13.00PM	<i>Lunch Break</i>	13.00PM	<i>Lunch Break</i>
14.30PM	Where Do We Go Now? 10 Years On AI for Real-Time Mobility Problems Luis Moreira-Matias Titannis	14.30PM	Precise Positioning Without GPS: Teltonika's Algorithms Under The Hood Guoda Rimaitė Teltonika Telematics
15.00PM	Digital Transformation Reimagining Mobility: Product, Business, and Everything In-Between Partha Goswami PG Mobility Analysis LLC	15.00PM	Edge Hardware Plus Cloud Power: Asset Tracking Where Every mAh Matters Ken Everett Digital Matter
15.30PM	<i>Networking Break</i>	15.30PM	<i>Networking Break</i>
16.00PM	PANEL DISCUSSION: Executive Panel: Leading Through the Next Era of Mobility and Fleet Innovation Moderator: Amy Nordrum Participants: Andrius Rupšys, Frank Stoecker, Aliaksandr Kuushynau, Boris Pankov	16.00PM	Building Hardware-Agnostic Video Telematics with flespi: Challenges and inSights from Year One Sergei Leuchanka Telematics inSights
		16.30PM	GeoRide: IoT in Extreme Conditions – Passion, Resilience, and Innovation Thomas Chambon GeoRide
17.00PM	Day 1 Closing Word	17.00PM	Day 1 Closing Word

 GURTAM Telematics & Connected Mobility conference		September 10-11, 2025 Day 2	
1 Hall	BUSINESS & INDUSTRY STRATEGY	2 Hall	TECHNOLOGY & ENGINEERING INSIGHTS
8.00AM	<i>Welcome Coffee</i>		
8.50AM	Day 2 Welcoming Word		
9.00AM	Death to the Dealer, Long Live the Trader Matthew Khouri HMD	9.00AM	Manufacturer's View: How ELA Innovations BLE Beacons Expand Telematics Wandrille Lesueur ELA Innovation
9.15AM	Connecting Everything: How Practical IoT Is Powering Smarter Cities and Industries Karim ElDessouky ZainTECH	9.35AM	BLE Beacons in Agrotech: A Hands-On Experience Jan Palas AG info
9.35AM	PANEL DISCUSSION: Fleet Management Solutions Driving a More Sustainable Future Moderator: John Grygorcewicz Participants: Taco Olthoff, Anton Tananaev, Milan Šuletić, Denis Grebennikov	9.55AM	Battery-Efficient BLE Tool Tracking Flutter App Without GPS Hardware Chinmay Sharma Ecit
		10.15AM	Mesh Technology: Go Beyond Standard Bluetooth Mykolas Mankevicius Teltonika Telematics
10.30AM	<i>Networking Break</i>	10.30AM	<i>Networking Break</i>
11.00AM	Innovative & Profitable Subscription and Flexible Leasing Models Christoph Köhler Porsche Consulting	11.00AM	Novel Fuel Monitoring: Non-Intrusive, Algorithm-Driven Hydrostatic Sensors Eitan Kirshenboim ERM Advanced Telematics
11.30AM	PANEL DISCUSSION: What's Next for Mobility? From AI to electrification — the forces driving the industry's evolution, and what they mean for business today Moderator: Amy Nordrum Participants: Partha Goswami, Rugilė Andziukevičiūtė-Buzė, Karim ElDessouky	11.30AM	Integrating CAN Decoding in Telematics Devices Andras Limp Inventure Automotive
		12.00PM	The Future of Telematics Data Milan Šuletić SquareGPS
12.30PM	<i>Lunch Break</i>	12.30PM	<i>Lunch Break</i>
14.00PM	Road Tolling: The Invisible Future of Fleet Telematics Lubor Lancos Kapsch TrafficCom AG	14.00PM	Need for Speed: How to Stop Your IoT Connectivity From Driving You Crazy! Artur Michalczyk emnify
14.20PM	Unlocking High-Margin Opportunities in Fuel Analytics Boris Pankov Omnicom	14.30PM	Ask More From Your Network Jacob Jagger Onomondo
14.40PM	Revolutionizing Driver Onboarding with OEM and Aftermarket Data Insights Vladislav Herchykau Bamboo Group		
15.00PM	<i>Networking Break</i>	15.00PM	<i>Networking Break</i>
15.30PM	PANEL DISCUSSION: Navigating OEM and Aftermarket Data: Real-World Strategies, Trade-Offs, and What's Next Moderator: Colm Brady Participants: Claire Alleume, Vernon Bonser, Katharina Roecker	15.30PM	Customizing Telematics for Real-World Projects: from Trains to Cold-Chains Amin Mansoori GeoGPS
		16.00PM	From Launch to Scale: The Toolsense.io Architecture, Teams, and Lessons Gergely Bereczki Toolsense.io
		16.25PM	AI vs Development Team: A Controlled Experiment in Mobile App Engineering on flespi Maksim Kasatkin GetGPS
